## **RESULTS OF EXPERIMENTAL TESTS OF CATEGORY M<sub>3</sub> BUS BRAKING EFFICIENCY IN APPLICATION TO EXPERT PRACTICE**

*This research is aimed at study of braking efficiency of bus that is equipped with an anti-blocking pneumatic braking system. The braking efficiency test results, obtained in this research, are different from those used by car expert specialists in a car accident investigation. Therefore, practical recommendations on usage of those test results in the expert practice are given.*

**Keyword:** *bus, brake tests, slow, expertise, traffic accident.*
